

LOBO, in conjunction with sponsorship by Lancair International is bringing to you the second annual LOBO/Lancair Fly-In! Come and join a fellowship of Lancair owners, builders, and pilots to celebrate personal aviation, Lancair style. This will be a first class event, in a great west coast location.

We have selected a location and date..... beautiful Sedona, Arizona in September! The 2012 LOBO/Lancair Fly-in will highlight a tradition of support, cooperation and enthusiasm between the people who enjoy Lancair's and the people who create, supply, and support them.

Date: September 28-30, 2012
Location: Sedona, Arizona Airport KSEZ - .09 miles from Poco Diablo Hotel
Registration fees: See attached registration sheet
Lodging: Poco Diablo Resort
1752 State Route 179
Sedona, AZ 86336
928-282-7333

There is a block of rooms set up; ask for the "Lancair group" rate of \$141.00 per night plus tax. There are 80 rooms on a first come first serve basis, so book your room early. Plus, if you want to come early or stay later, you can book 3 days before or after the group block at the same rate.

Car rentals are available through Hertz Rent A Car at the Sedona Airport FBO with the following rates:

Compact: \$26.99 per day
Mid Size: \$30.99 per day
Full Size: \$34.99 per day

Rates are plus tax and all with unlimited mileage. If you are interested in renting a car, please let Lisa Williams know and she will reserve it for you. As an alternative, you can opt to fly in to Flagstaff, Arizona and rent a car with the FBO @ KFLG. It is Enterprise Rent A Car and they are \$45.99 per day plus tax.

I would like to get a count of the number of people interested in attending, so if you can RSVP prior to June 1, 2012, that would be great. You can either register on the Lancair website www.lancair.com and click on the events tab and look for the Fly-In Icon, or call or email Lisa and she will sign you up! Please note the graduated registration rates and the refund/cancellation terms on the registration sheet.

Attendees can look forward to tremendous fun and the opportunity to learn more about building, flying and maintaining Lancair aircraft. The two-day schedule currently being planned will include fact-filled forums, hands-on demonstrations, informative vendor displays. We are planning optional field trips enjoying the local highlights, delectable victuals, including several ladies activities, a chance to show off your Lancair aircraft while appreciating the workmanship of fellow builders. Finally, for those who just love to yak about airplanes, hangar talk 'til your voice gives out. If you're a Lancair enthusiast, don't miss this opportunity to help LOBO and Lancair International celebrate the world's best personal flying machines. Watch for more upcoming information.
